White Majority Enslaved By The Racial Minority Racket

RACIAL MINORITY DYNAMISM MOST POWERFUL SINGLE FACTOR IN AMERICAN POLITICAL LIFE

By FRED FARREL

It is said that "Racial Minority Dynamism" is the most powerful single factor in American political and cultural life today. The average member of the White Christian Majority encounters "Racial Minority Dynamism" in many forms. He finds the bookshops full of the work of dull Jewish hack writers; apparently only Jews can be literary geniuses any more. Sometimes a Negro "family" moves into a formerly all-white neighborhood. The neighborhood goes down; the crime rate goes up. The whites flee to the outer regions of suburbia, only to be pursued by Government bureaucrats, who propose to build Negro housing projects in the suburbs. Suddenly it has become very important for whites and Negroes to have contact with each other. In politics, organized minorities are now a new "Ruling Class" which apparently can do as it pleases with the Majority, and that against the Majority's will. Since the Minorities control both the Democratic and Republican parties, the Majority is in effect disenfranchised. Their votes count for so little that they really ought to boycott the elections.

The average member of the White Majority encounters "Racial Minority Dynamism" and its awesome power in many forms. It makes him put his children onto a school bus, to be hauled away to some crime-ridden slum, where he himself would hardly dare to go, even in daytime, without an armed guard. He realizes vaguely that his children are to be interbred like cattle with children of another race, in order to produce a coffee-colored population. Inevitably, he joins organizations which purport to be "Doing something about it." Invariably, these organizations collect his money, give him a ride on an ideological whirligig, and dump him out right where he started.

He squirms helplessly in the clutches of the organized Minorities. More and more, his life seems to be organized to suit the convenience of Jews and Negroes. Smug Jewish intellectuals tell him that this is "inevitable." The Jews are so terribly superior, you know. Can they help it if they are so much superior to the mere Goy cattle?

Seldom does the beleaguered white citizen find a lucid and believable explanation of what is going on. There are many "Crusades against Communism" which seem to end up as mere emotional binges. Only the Minority organizations are efficient; those which represent the Majority display chiefly a talent for windmill-tilting, slogan-shouting, gasbagging, and wasting their energies in nit-picking and worthless arguments. The White Majority sinks deeper into defeat every day.

Modern "Thinking"

It is high time for somebody to set down in print the real facts about "Racial Minority Dynamism." We propose to ask some ultimate questions here. WHO is really making an attack upon the white majority in America? Will "Racial Minority Dynamism" really benefit rank-and-file members of the racial minorities? What will be its final, total impact upon American history and the history of the world?

It is one of the openly-stated major aims of "Racial Minority Dynamism" to create a coffee-colored population. This ultimate aim is now so openly proclaimed that we need not seek any elaborate "proof" that this is the ultimate aim. COMMENTARY Magazine, which is the official organ of the Jewish intellectual elite, has said that racial intermarriage is the only possible solution of the race problem. There is now a constant drumfire of propaganda in favor of mongrelization. Libraries are full of books advocating it. The mass media have gone wild promoting mongrelization. Since these media are under the control of the Ruling Class, it is plainly obvious that the ruling class has decided to change the color of the American population. It is argued that this represents "Progress."

We jaded, worldly-wise old cynics who toil and moil in the roaring mills at 530 Chestnut Street in Union, New Jersey do not accept these glib assertions. We warn both Negroes and whites to **BEWARE!** I myself have traveled in 125 countries. I

have seen bipeds of the genus homo sold into every kind of vile bondage; but none as vile as that which the Money Masters of America are cooking up at the present time. They themselves do not intend to integrate; they intend to stay VERY WHITE. What do we have when we have WHITE BOSSES ruling over a colored work force?

WE HAVE THE OLD SOUTHERN SLAVE PLANTATION REBORN, OF COURSE. The Negro who thinks that he will benefit by interbreeding with whites has some great big surprises coming. He has an appointment some time in the future, with an old friend named Simon S. Legree. Slavemasters are all alike. Those who now rule the United States of America, under a phony camouflage of "Liberal Idealism," are an especially virulent pack of vipers. Their rapidly-developing managerial systems constitute technological slavery on a previously undreamed-of scale. Moreover, they plot to extend this kind of bondage around the world, under the guise of "The World State."

The Jews are the most conspicuous of the powerful Minorities. Let us first examine the role of the Jews. The notorious hate-paper COMMON SENSE has long been recognized as the leading "Anti-Semitic" paper in the U.S.A. Yet we do not buy every so-called "Anti-Semitic" myth which comes down the road. We have spent many years making a ruthless quest for the realities of the Jewish problem. We do not need myths or humbug. The facts are quite enough. We know, too, that "Anti-Semitism" in America has been shaped largely by the Jews themselves, through a process of intellectual indirection; the Jews want anti-Semitism to be futile and ineffective. Jews themselves invent many of the worthless myths which are parroted by anti-Semites. The rest of the myths are peddled by jackass preachers who call the Jews a "Chosen People." Let us admit freely that God chose Jeremiah and Daniel; but we can hardly think of Dore Schary, Sam Goldwyn, Bernard Baruch, or Louis B. Meyer as being in any way "Chosen." They simply do not act "Chosen." We are not interested in worthless myths which surround the Jews. We are not interested in either pro- or anti-Semitic myths. We want THE FACTS.

The fact is that Judaism as a religion is on its last legs. It was already fading from the scene even 200 years ago. At that time there were vast Ghettoes full of pious Jews, to be sure. Nevertheless, the tell-tale marks of decadence had appeared. The Jew who wanted to RISE in the world, even among his own kind, invariably abandoned the old religion. The generation of German

Jews who produced Zionism and Marxism had made a definite departure from the fold. They sometimes had themselves baptized as Christians, but more often simply proclaimed themselves to be atheists. They dined now and then on roast suckling pig. In some cases they paid a bare lip service to the old religion; in other cases they expressed open contempt for it. In either case, it was no longer a binding law. Neither was it a sufficient source of spiritual or intellectual power to assure the cohesion of the Jews or their survival as a cohesive group. Clearly, something new had to be added. In the normal course of events, Judaism would simply have drifted into oblivion. By now, it would be like unto other ancient religions which are long gone. This would have been entirely a good thing. It would have been good for the Jews, and it would have been good for their Goy neighbors.

This good thing could not be allowed to happen. There were the Rabbinical rackets which needed to be kept going. These alone would not have been sufficiently strong to have saved Judaism; but there was also the Rothschild Bank, and the Bank had uses for the Jews. It needed them as "Economic and Political storm troopers." If they could be held closely organized, they could be used to extend the influence and power of the newly-emerged MONEY GANG. If the Jews were to serve this purpose, they had to be organized on a basis of self-interest, not a basis of religious observance. The old religion was maintained as a relic; but the Rothschilds did not depend upon it to hold the Jews together, or to make them function as useful servants of the Bank. Intellectuals spawned by the Rothschild Bank bred Marxism and other secular philosophies, which pretended to be "Proletarian," but which in every case always served the purposes of THE BIG MONEY. Indeed, the modern Jew, in so far as he is drawn into the orbit of Rothschild influence, serves only the purposes of the BIG MONEY. Even when he is a "Proletarian Revolutionist," he is firmly bound to the chariot wheels of Mammon. The great banks of New York financed the October Revolution in Russia. The only Jew who escapes this enchainment to Mammon is the poor Jew, the one who has no ambition. "Blessed are the meek, for they shall enter into the Kingdom." The ambitious Jew must go along with the Machine; it offers him the shortest and fastest route to personal advancement. Any other way is the long, hard way.

The Rothschilds also made profitable use of "Anti-Semitism." Indeed, they often secretly financed anti-Semitism. Some people say that fear of persecution is the only force which holds world Jewry together today. The Rothschilds, profiting from the cohesion of the Jewish world community, occasionally backed anti-Semitic scares, although by that time the old religious hostilities between Christians and Jews had largely died out, due to the decline of both religions. Modern world Jewry became "The storm troops of Capitalism." Jewish intellectuals operated the whole system of charlatanry which revolved around Marxism. They ran the fraudulent Marxist political parties and the fake Marxist trade unions, all of which were always under the secret control of the great Capitalists. The modern Jew is thus a highly functional creature. He is harnessed to a specific chariot, and he pulls with a will.

There are those who say that modern "Jewish Supermen" will rule the world. This is nonsense. The Jews are mere fellahen, the residual slag-heap of an ancient Oriental culture which once was brilliant, but whose fires have long since burned out. The Jew is a mere fossil relic of ancient times. The corpse of a dead Judaism was exhumed by the Rothschilds; puppet strings were attached to it; expert puppet-masters were assigned to pull the strings to make it

appear alive. Jewish supermen? We don't know any Jewish supermen. The Jews we know are mostly a bunch of jerks. MONEY is the puppet-master which pulls the puppet strings to make this ancient fossilized corpse appear alive.

Negroes are the second most active element in the Minority power structure. Some benefits accrue to Negroes from their participation; but these benefits are very unevenly distributed. A few glamorous Negroes get the lion's share. Stokeley Carmichael can move into a \$70,000 house, but most Negroes still live in the slums. The fact is that a few glamor-Negroes are selling the rest of their race into slavery to the technological Simon S. Legree. They are the kind of finks who arise among the oppressed everywhere. They do always the bidding of their real masters, those whom they meet in secret, those who pay them to sell their own kind into a foul bondage. They are like those Negro kings of the Bight of Benin who sold their own kind to the captains of slave ships long ago. They will profit hugely, and they do not care a jolly good damn about the luckless ordinary Negro who gets it in the neck.

Indeed, mongrelization is no new policy in America. For a hundred years, the phony "White Supremacy" politicians of the South have been steering the South toward a coffee-colored population as fast as they dared. They have forced poor whites and poor Negroes to compete viciously on the economic scene; this is the shortest and fastest route toward race mixing. The silly humbug, the fly-blown sloganeering, and the shameless profiteering of Southern politicians have covered up this scandal down where the sweet magnolias blossom at everybody's door, but secretly the white Southern politicians are fully in sympathy with the damyankee integrationists. Look at your typical Congressman: When he has grown fat on Government graft, he buys land. WHOM do you find working on his land? At sundown on Congressman Gus Gasbag's land, you will always hear the darkies singing sweet and low. He wouldn't give a poor white man the slightest chance to earn a living. It is the iron law of Demographic Science: The only way to have a white population is to protect the economic, religious, and cultural life of white workers, including the poorest of them. The Southern politician talks a good game of "White Supremacy" to the white voters; but in secret he is, as Francis Parker Yockey said of these contemptible political whores in his PROCLAMATION OF LONDON: "To complete the destruction, the lying fraud of elections tries to reconvince the people every few months that somehow they govern themselves. Between the lies that the candidates offer the populace, and the commitments they make to their real masters, there is not the slightest connection. The

"It will indeed be a GREAT SOCIETY, well integrated, pagan and reeking with Civil Rights, which the Supreme Court in 1897 ruled were not Civil Rights at all but SOCIAL RIGHTS, hence not amenable to legislation." — From TASK FORCE, March, 1965

programmes submitted to the electorate are compounded out of old liberal-communist-democratic ideological material, long since historically dead. To these creatures without honor, character, or even bare understanding, the future is simply an extension of the past." The politician wants us to be either roaring "Niggah-haters" or ecstatic "Niggah-lovers." He does not allow for any possibility that we might, by the application of real intelligence, arrive at a genuinely constructive or happy solution of our racial problems. He only wants to sit, like Ole Massa of yesteryear, on his veranda, and listen to the darkies singing sweet and low, to him a sweet, sweet song of CHEAP LABOR, and to hell with the racial and cultural integrity of the nation.

Now that we have dealt with Jews and Negroes, we shall undertake to investigate the TERRIBLE SECRET MINORITY which is really the WORST of all. This minority may be called the rich WASPS. "WASP" of course stands for White Anglo-Saxon Protestant. Add the word "RICH" in front of the word WASP and you have the worst rascal in the country. It is useless to attempt to kid me about this. I grew up in a nest of rich WASPS and know all about them. The rich WASPS are a separate race entirely from us poor WASPS. Actually, they came from the same basic Anglo-Saxon stock as the rest of us, but they became phony imitation Jews in order to avoid acknowledging any racial kinship with the unholy, impoverished rest of us. It is necessary to define the term "Poor WASP." By "poor" we do not mean people on Welfare; we mean people whose yachts are less than a hundred feet long. The rich WASPS will interbreed the poor white workers of a white slum in Chicago or Mobile, Alabama with Negroes; they will do exactly the same thing in Westport, Conn., where the "poor whites" toil and moil in the dark satanic mills of industry, often for a mere pittance, which may be as little as thirty thousand dollars a year. The rich WASPS are absolutely consumed with contempt for us poor WASPS. We gather in our squalid little yacht clubs to mutter against them. We would like to engage in a little free enterprise now and then; our worst enemies are not the workers, but rather the Big Business men, the REALLY big business men, who want to organize the whole world into one big corporation, called "The World State." The bourgeois pond in which we swim is a SHARK POND, in which the big ones devour the smaller ones. The rich WASP talks a good game of Conservatism and supports Communism around the world; he talks a good game of Patriotism and supports Internationalism because he is doing business in forty countries and wants a standard corporation law for all of them, along with a standardized interbred race, a standardized apostate religion, and a standardized technological slavery.

The rich WASP is still what he was in the old days, when he sat on the veranda of the plantation house and listened happily to the sound of the overseer's whip cracking upon black hides. He is a traitor to his race, his religion, his country, and himself. He hires liberal intellectuals to cover up his black-hearted rascality with silly pap about "Human welfare." He controls both the Right Wing and the Left Wing. Often he controls the funny, little Jews who are merely his front men. The publishing house which publishes Jewish novels exclusively is often owned by the long-haired, degenerate heir of an old Yankee shipping fortune, earned long ago in the slave trade; the editor is the son of a Methodist minister from Iowa; the writers are all Jews and Negroes. This is simply the policy of the rascal rich WASP in action. He hates his own race. He will never give one of us a job if he can possibly find a Negro, Jew, Eskimo, Hottentot, Arab, Chinese, Japanese, Samoan, or Punyan Dyke to hire instead.

The rich WASPS, the rich Jews, and the glamor Negroes are the ruling class of the country today. All three are consumed

Integration & Eugenics

By HANS VON THENEN

In the issue of Sunday, December 27, 1970, The New York Times printed a letter written by a "Black Regular Army Major," stationed at Frankfurt/Main, who was assigned to this post as physician and brought his wife, a professional nurse, along. The purpose of that letter is made clear by the headline "German Landlords and Black G.I.'s." The major complains that he and other black members of the U.S. Army have had insurmountable difficulties in finding private living quarters. He does not really blame the German landlords, but our own government for not providing living quarters before sending a professional couple to such a post. But anyhow, he asks also both the American and the West German governments to "stop this discrimination in housing." The question arises: does there really exist some kind of discrimination in the German Federal Republic? And are the Germans different in their views toward non-whites compared to Americans?

Let's go to the root of the problem. We could simply say, that Germans have for many centuries never mixed with other races except Jews, and their number was so minimal that they constituted no problem. Before 1919 they made up one per cent; after 1919 less than one per cent of the total population, and this small number concentrated on the big cities so that — and this most people outside Germany do not know! — there are millions of Germans who have never even seen a Jew. If in the years far back a German wanted to see foreign people, he had to travel there.

But with this we still are not at the root of the matter. It was nearly fifty years ago in Germany, World War I was over, the balance of international power forming slowly. The extremists were the same Bolsheviks, financed by New York bankers, who had turned Russia into a bloodbath and produced such anarchists in Germany as the group which called itself the Spartacists. They had no tradition whatsoever; their goal was to destroy not only the old order, but any order. Quite different was the other end of the political line. Their goal was to save the nation, to make the nation stick to law and order.

Compared with today's misery, in those years after 1919 Christianity of any denomination developed into a power that strengthened political endeavors from the center to the extreme right. The people who cared, knew that high morality was a force that could overcome the most serious situations, a force that hence has been the main target of communist atheism. With how much success, we unfortunately realize when we consider the aftermath of the Second Vatican Council as well as of various meetings of the allegedly 80% communist-dominated international Council of Churches. But after 1919 there was still unity among Catholics and Protestants, and more real ecumenism than the artificial farce they speak of today.

It was at that time in Breslau, Silesia, East Germany, that my dear wife and I were engaged. One of the most talked-about topics in those days was EUGENICS. And one of the most famous experts on that was professor HERMANN MUCKERMANN. In every city he held a series of lectures, always in the greatest auditoriums available that were filled to capacity. We attended all those lectures, and we owe it to them — and to prof. Muckermann's books, all best-sellers — that our attitude toward marriage was such that we saw only its spiritual values. In those times, being a Christian meant making sacrifices. To be a real follower of Christ was not easy. All this has stopped widely in the present generation after liberalism in churches of all denominations yielded to animalistic over-emphasis of sex that replaces the spiritual values of marriage. Instead of taking part in God's

FRANKLIN D. ROOSEVELT, number one traitor. But for FDR's unparalleled treason, Jewish Communism would have died a natural death decades ago.

Creation, with God as the third and main factor in marriage beside man and wife, marriage has now been reduced to even less than it had been before Christ made it a Sacrament and the insoluble union of bride and groom: it is a mere contract that can be broken at will, and the final goal, as we know, is the total destruction of the family as the smallest cell of social life.

WHAT CAUSED ALL THIS? It is communism, atheism, anarchy in its various forms, no matter what names are behind them. Whether they called themselves "philosophers" like Herschel Mordecai (Karl Marx) or Bertrand Russel or "statesmen" like Lenin, Mao, Ulbricht, Brandt, or fakers like "Dr." Martin Luther King, Cesar Chavez, the well-trained Marxist who uses the Church for his anarchistic goals — they all are just different instruments in the same orchestra of which even the Kennedys were (or are) members. — Yet, it was this "Catholic" President who started it all in the U.S., when he tolerated the abolition of prayer in public schools by an atheistic U.S. Supreme Court in violation of the most precious asset of our Founding Fathers, who made us, wanted us to be One Nation under God. Those who see in school prayer a violation of the principle of "Separation of Church and State" (prayer has nothing to do with any church!) really seek the separation of "God and State," a status which we see in all communist ruled countries. The moment students had to stop saying prayers in their schools, not only God was banished from education but the Ten Commandments as well and with this the ability of the pupil to hold apart right from wrong, was lost — unless he was lucky enough to live in a still God-fearing family. And that's why the next communist goal is the destruction of such families. Even in this the reds were very successful. Collapsing authority of educators, rapidly rising juvenile delinquency, dope addiction, sex-excesses, riots in colleges and high-schools are the results. Those responsible are the same who are responsible for the prevention of military victory in Korea and in Vietnam. All those who show the communist "peace" symbol, want the communists to win, in Vietnam as well as on the home front, because only this is THEIR peace!

There was a time when nations all over the world looked at the USA as the leading power. This country also once was the stronghold against communism of any kind. All this has stopped, even reversed — since the LEND-LEASE, when FDR and Churchill helped to make Soviet Russia the super-power it is today, the super-power that seemingly can never be stopped from growing stronger and stronger. And it is in this that the United States is even more vulnerable than some European countries. — Why?

"Nothing is more certainly written in the book of fate than that these (Negro) people are to be free; nor is it less certain that the two races, equally free, cannot live in the same government. Nature, habit, opinion have drawn indelible lines of distinction between them . . ."

—THOMAS JEFFERSON

Let's take a look at what Christ said about the most important cell in the life of humanity — marriage and family: "What God has joined together, man shall not separate" (Matt. 19, 6). We can — and must! — reverse this word of the Lord in order to understand fully the MISTAKES AMERICANS HAVE BEEN MAKING. We have to say: "What God has separated, man shall not join together." The United States, especially big cities with New York in the front line, has been called the MELTING POT OF RACES AND NATIONALITIES. In the beginning this may have meant nationalities first. And somehow this materialized: immigrants came from all over the world; they lived peacefully in the same streets, the same houses together, learned to speak the same language, even with different accent. But can America also ever become the melting pot of RACES? And if so, what will be the result?

Here the neglected science called EUGENICS has a weighty word to say. It is the science that sees the races of man from the biological point of view. It is suppressed by the cosmopoliticos, the world citizens who refuse every thought of a fatherland, of a nation. And it is — since Vatican II — also ignored, at least neglected by the Church of Rome. But fifty years ago we learned from Professor Muckermann — as a matter of fact, we had learned some about it already in school! — that, as far as the different races are concerned, the high percentage of criminal attitude is not with the whites, not with the blacks, but with the mulattoes. America was set as an example because that problem did not exist in Germany. What the word mulatto told us, was simply this: blood mixture of different races creates a combination that is neither white nor black, and in many cases kills the good and increases the bad attitudes in the character.

Years ago, long before the Nazis took power in Germany, I had a talk with a leading educator in Breslau, head of a large educational institution for boys, part of the Archdiocesan system. He just had refused to accept in his house a boy, because one of the parents was Jewish. He did so not because he was anti-semitic — of course, he was not — but for purely eugenic reasons. He told me that the experience of over a century had shown that boys whose parents were of different races, mostly German and Jewish, always produced serious educational problems sooner or later. It is at least as bad, if not worse, if whites mix racially with blacks or other races. This is really the very big problem that faces the white parents today. And here lies the key to the whole situation: the racial mentality that makes even marriages between people of countries that are racially not too much apart, like Germans and Italians, still a risk. Yet, besides the blood, religion also plays an important role.

The danger of co-education of different races will be greater if one part comes from Christian families, the other from non-religious surroundings. If, as in parochial schools, whites, blacks and other races are brought up in the same religion, the danger is still there. Only the degree changes. But if there is no religious background at all, the blacks will fall back into the African jungle — as we can observe already when we look at the behavior of black boys and girls in the subway or on the streets.

This is why we have to oppose any integration, especially in public schools. Americans are not fully aware of this situation. The integration fanatics are, of course, not the "nation-minded," but the Communists. They know that in any integration the whites will be the losers. In other countries they are more careful. And here I come back to the case I started with. Germany is still a "one race nation." A live warning can be seen on German streets, in West German schools. Germans will not discriminate against the more or less black victims of raping or lewd German girls. But this black army doctor should understand, that

(Continued on Page 4, Column 3)

WHITE MAJORITY ENSLAVED

(Continued from Page 2, Column 3)

with contempt for the poor of their own races. Of the three, the rich Jew will come nearer doing something for the poor of his own race than the other two; but this may not be sheer altruism; the Jews are the smaller race, and there simply are not so many of them, so it is easier to take care of them. Double their numbers, let them become redundant, and the rich Jew will be more like the rich WASP in contempt for his own race. This jejune and corrupt ruling class is driving the U.S.A. straight toward consummate ruin and total destruction. There is talk of a "Revolution" which is shaking the country; but the "Revolution" is wholly the creation of the ruling class. As Yockey said in his PROCLAMATION OF LONDON, "The canaille never breaks loose until the ruling class permits it."

Last of all, let us consider the professional "anti-Communists." They really are not fighting Communism or anything else except the political intelligence of the American people. These too represent the secret policies of the rich Jews and rich WASPS who misgovern us. They blame "Red Russia" for the Revolution which their secret masters have foisted upon us. At the same time the latter play Communist politics around the world, and have tried to control Russia by this means. In this they have failed. Russia is now ruled by the Red Army. Russia will not accept the American Anglo-Jewish rulers as partners in the governance of a world state, but will instead attack them and wipe them out with space ships designed to carry twelve men and a 100-megaton bomb. (These are already nearing operational status). If the present incompetent and corrupt rabble of rich Jews and rich WASPS continue to rule us, the U.S.A. will become an uninhabited desert; the American people will be exterminated and will become simply "The people who used to live here." The rich WASPS and the rich Jews who rule over us do not understand this, because their cold hearts and muddy minds have become fully disengaged from Reality. In their blind, ignorant, corrupt pride, they think that their managerial system is unbeatable. They will learn the error of their ways when the integrated mushroom clouds wipe them out forever, along with the mongrelized population which they are striving to create as a source of cheap, abused, and exploited labor.

Could we be saved?

Not by the braying jackasses of professional pseudo-Patriotism who pose as our Messiahs today. These are simply flunkies of the evil system itself. The day shall come when Russia will possess an incomparably superior system of military weaponry. Russia is arming to the teeth, while the U.S.A. is disarming unilaterally; the alliance of rich WASPS and rich Jews believe that they can rule the world by intellectual and economic chicane, and that they will not need arms; but the Age of Economics is over. The Age of Blood and Iron has come. If we continue on our present course, we will be confronted by a vastly superior Soviet weapons system, while we will be defended only by the big, loud mouths of Dore Schary, Rabbi Kahane, Robert Welch, Carl McIntire, Billy James Hargis, and Billy Graham, all howling anti-Soviet slogans against Marshal Grechko's 100-megaton bombs. When that evil day comes, we can give you only one reasonable kind of advice: Flee the country. Get out while the getting is good. Communism will die of old age long before the American anti-Communists ever do it any serious harm. You should not trust them. Get yourself a Linguaphone course and learn to speak Russian, if these are to be our only saviours.

The fact is that the racial minorities who rule over us today are not competent to keep the U.S.A. on the world map. Only a MAJORITY under a white racist rule could do that. The integrated society will perish in the integrated mushroom cloud. The racial ruling class of today appears to have

great power; but it cannot give any good warranties for the future. Its promissory notes should not be accepted. The super-Jews and the super-WASPS are merely rich fellaheen, like the Parsees of Bombay or the Chinese millionaires of Singapore. Of the greatness of race and nationhood, they know nothing. They are the vultures who gather over the cadaver of greatness. They claim to stand for "Free Enterprise" but they were hated by real Capitalists such as Henry Ford and Gustav Krupp. They claim to stand for patriotism and religion, but they are and always have been the principal financial backers of World Communism. They support a vapid kind of "Conservatism" which peddles some fancy mythologies, but will have no part of any "Extremist" notions, such as winning once in a while instead of losing all the time.

Racial minority rule is the graveyard of America. If we cannot prevent the destruction of the country by these organized and corrupt minority rulers, let us at least tell people what they really are like. They are like Ole Massa, sitting on the veranda of the plantation mansion, listening gleefully while the overseer's whip drives the dark-skinned slaves to great endeavor in the fields. Since this is the only real plan they have for the world, perhaps it is just as well that they are going to be wiped out. I would not like to live in a world ruled by Ole Massa. Ole Massa was a white man who wanted to live surrounded by abused blacks instead of by wholesomely-organized people of his own race. Ole Massa has not changed his spots. He has merely moved to Detroit and Pittsburgh. Technological Slavery is cut from the same cloth as any other kind of slavery. This is what Racial Minority Dynamism really is. The phony idealism which masks its bottomless villainy is merely a veneer applied by pimping Jewish intellectuals on the payroll of rich WASP publishers. Today they are the worst "Jews" in the country.

An alliance between rich WASPS and rich Jews is especially poisonous; they ought to be forbidden by law to associate with each other; once they get together, they are bound to cook up an especially poisonous hellbroth of charlatany to dominate the mindless masses. They have cooked up "Racial Minority Dynamism," and it may well be the deathbed of America.

READ AND BE INFORMED... ULTIMATE WORLD ORDER

By MAJOR ROBERT WILLIAMS

An outline which reveals the plans of the Jews for world domination, as spelled out in an unlisted book, *The Jewish Utopia*, discovered by Major Williams in the University of Texas Library. In it is pictured the "new social order" which the Jews hope to establish on the ruins of the world after they have run through the phases of Communism, Democracy and World War III. All races are to be interbred and only the lackeys of Israel will be allowed to live as slaves in a one-world state. Photographs and excerpts from original text. More frightening and revealing, in the last analysis, than even the *Protocols*.

Integration and Eugenics

(Continued from Page 3, Column 3)

many a German landlord when he is asked to rent an apartment to a black American, even if he is married and a major, still sees in the back of his mind what happened 25 years ago. The moral standard of the West Germans has deteriorated, "thanks" to the reeducation by American occupation forces and the leftist government in Bonn that promotes pornography even more than the American sex-barons. But let's not forget the words we find in Prof. App's "Ravishing the Women of Conquered Europe." "In Stuttgart, troops under Eisenhower's command raped more women in one week in one city than troops under Hitler's command seem to have raped in four years in all of France." There is neither racial hatred nor any antipathy in the attitude of that landlord. He, and the majority of the Germans still stick to the words: "What God has separated, man shall not join together."

Is our country now really the Melting Pot of races? Or don't we rather see clearer every day that at least the non-white races are waking up? They even show pride in their skin. The blacks are real blacks, and the light-skinned mulattoes disappear. We cannot blame them. They are right. We should follow their example racially, not politically, because their awakening is not motivated by eugenics but by the philosophy of Mao!

From this point of view we must understand why South Africa sticks to APARTHEID! The blacks down there enjoy a high standard of living. They enjoy equal rights with the whites, have their own schools and universities. Only they live separated — and fare well that way. The only people who do not like it, are the JEW communists. And it is the greatest achievement of both South Africa and Rhodesia that they successfully combat communism to the utmost. For instance, we recently read the report of a traveller who visited the former German colony in Southwest Africa — the only country in the whole wide world where juvenile delinquency is zero! I saw color photographs taken in that part: settlements of the three black tribes that live there. They are the cleanest little towns you can think of. I never saw such a beautiful community in the USA! And that's where a few years ago a United Nations team was sent to investigate the cruel treatment of the blacks. They returned with the report that all is in excellent order!

To conclude: if we ask which of all the nations in the world of today have the best government, the answer will be those who keep their population free from racial mixture and free from communist infiltration. To my knowledge there are only six such nations in the world: South Africa and Rhodesia, Spain and Portugal (with African possessions), Greece with its present government, and also Nationalist China with its only goal to regain the mainland from the Reds. These six will be the strong points of the free world — as long as they stick to their principles.

As for our own United States: if we want to survive, we can achieve it only if we combat not only communism (and this includes liberalism!), but also the melting-pot doctrine of the races that would make us — instead of One Nation under God — a people of weak bastards. Because: "What God has separated, man shall not join together!"
